Dedicated with Love to *Mr. John Green*

August 23rd, 1943 - September 20th, 2014

"I cannot think of a specific experience that I will remember because I will remember all of the times that I had with Mr. Green. I will never forget his smile. There was never an advisory class where I would walk into his room and he wouldn't be smiling. His smile was the type of smile that would turn a bad day into a great day. He taught me to appreciate the little things in life. Simple things such as getting only one scoop of ice cream. He was able to portion our exactly 100 calorie cups of moose tracks ice cream and we always made the most of it. Even though it was only a small scoop, I took my time and really enjoyed it, instead of wolfing it down. I wish that I could thank him for the bond that came between everyone in my advisory. Freshmen year, I only really knew two people in that class. However, now, whenever I see any of them in the hallways, I greet them. If I had not been in his advisory, we would not have the bond that we have now."

-AJ Keating '16

Mr. Green decided to take on a 'retirement' job after being an Electrical Engineer for about 35 years. He thought that he might be able to make a difference if he shared his talents and real world knowledge with young people. Outside of school he enjoyed many things, his family, children, grandchildren, and his many friends. He loved riding with his bike club that he co-founded, working on his sister's farm in Vermont, his wood working projects, cooking, hiking, and even helping out complete strangers. An excerpt from Mr. Green's Blackriver High School yearbook lets you see a little of what he was like when he was your age: he listed his accomplishments as playing Basketball, being in the Ski Club, going to Junior Prom, being a member of the Executive Board and Banner Board. For fun he skied, his fame was math, his future was Engineering and his favorite saying was 'Oh, for Pete's sake!' When you had Mr. Green in class you were far more likely to hear him say 'Ah geeze', or 'call up Newton!' And of course there was the classic saying 'Don't sweat the small stuff, and it's all small stuff!' He not only said this often, he also lived by it. Mr. Green enjoyed life and just prior to his passing had noted such. He added that he had accomplished what he needed to accomplish in life. One of those accomplishments was teaching Physics of course, but he also prided himself in teaching as many problem solving and life lessons that he could. He put his heart and soul into teaching, just like he did with everything else. You can see it in these pictures with his quirky smile, that same smile that he showed you every day.

-The Green Family

"Mr. Green was always in a good mood and had a great personality towards his students. He was always laughing and joking around, which put all of his students in a great mood, just by walking into his room. He taught us how to be kind people, and he was always looking out for his students. I remember how he would have huge birthday celebrations during advisory. When it was our birthday, or even our half-birthday, Mr. Green would make a card for us and buy us a tub of ice cream. Mr. Green really cared about all of us, and he was always in the mood to have fun."

-Zack Wolfgang '16

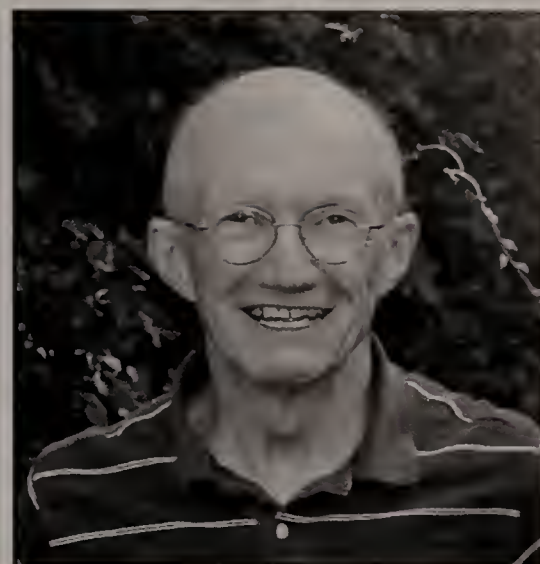

"I had Mr. Green the first day of my freshmen year and he really made sure that not only I, but my whole class had a smooth transition into North Andover High School. He continuously checked up on us to make sure we were doing well, and thriving to the best of our ability. Personally, Mr. Green would always ask about my performance in sports, and I loved how genuinely proud he was whenever I succeeded."

-Catherine Flaherty '16

"Before I even came to the high school, I had found out about what had happened, and I immediately applied for the position because I love physics. I was granted access to all of Mr. Green's materials, files, laptop, and all of his notebooks. With these resources, I learned his teaching style, and most of the math that I didn't learn from college, from him. Although he had passed away, he was mentoring me for weeks before I came to North Andover High School. He was mentoring me in the math, in the teaching skills, and I learned how to be a physics teacher through him, which was amazing. I even had his portfolio, which is the most important binder for teachers. Teachers have a portfolio including their lesson plans, their accomplishments, their certifications, and I had Mr. Green's. I had everything that he had accomplished, and I had to take that and turn it into my own accomplishments through Mr. Green. If it wasn't for his work, and his organization with all of his materials, my teaching at this school would be a completely different story because I simply would have been lost. I would have had no idea what to do, being my first year teaching physics, starting from scratch. Having Mr. Green as a mentor and learning from his legacy is something that I will cherish for the rest of my life."

-Mr. Robert Jackson

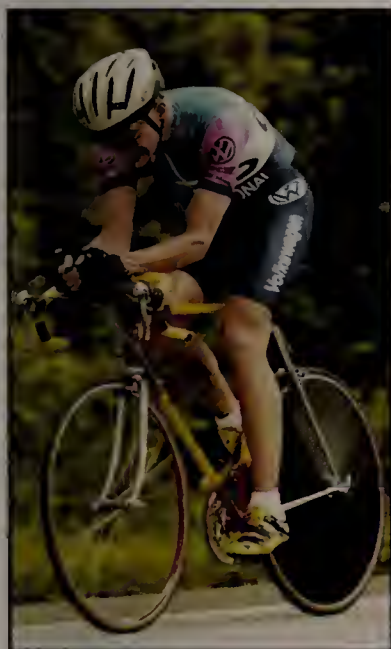

"It wasn't possible to walk into his room and see him without automatically putting a smile on your face. He was just a happy guy."

-Cam White '16

"John Green and I both started teaching in North Andover in September 2001. We were also both trained as engineers, John in EE and myself in CE, and became close colleagues as we were both teaching AP courses, John in physics and me in calculus. We enjoyed having totally nerdy conversations in the copy room and often collaborated on the similarities in our curricula (we would also be laughing at jokes no one else seemed to get, go figure). I have and always will have a tremendous amount of respect for him as a teacher, a colleague and a friend. I will remember how every year I would have to show him how to wear his hood at graduation or how he would be able to always simplify anything. I will remember watching him walk his bike up the Main Street hallway in the morning. We shared many students in common and I would frequently hear comments from them regarding the amount of respect they felt for him. We all miss him and he cannot be replaced."

-Mrs. Elizabeth Lariviere

"Not only was he a phenomenal teacher, but he was also a great friend. I am always going to remember when he was yelling 'MGH!' up the Yankee Cannonball on the physics field trip. He is by far one of the most sincere people I will ever meet, and certainly one of the wisest. He inspired me, and that is one of the greatest things any human can do for another. I am eternally grateful for the way Mr. John Green influenced my life. He will be missed."

-Garrett Holman '14

"To anyone wondering what to study in college, Mr. Green would tell you to 'be an engineer!' and I would like to add, 'find something you love to do, just like he loved his retirement job of teaching physics'."

The last day of school for the past two years brings a sad memory because as our friends joyfully wrapped up their year and headed off to the beach, the yearbook editor's real work began. Spending the last day of school from 9 AM to 4 PM in Mrs. Wolf's room merely hints at the life of a yearbook editor. Yearbook became so engraved in our brains that it was impossible to go a waking hour without thinking of an uncompleted task.

Trying to portray in 232 pages the 720 days of our high school experience is a daunting task. I tried my best to show our growth as a class. We chose a theme that kept the book classic and elegant, but also represented school pride by incorporating songs with the lyric "Knight" in every section. I truly hope that the Class of 2015 will treasure this yearbook forever.

In reality thanks are endless. We are grateful to Tom Keeley and the rest of the Jostens team for guiding us and Mark Lawrence Photographers for so capably capturing our memories. Special thanks are due to my fellow editors Emily, Ngoc, Cathy, Shannon, and Hannah. We worked hard and collaboratively throughout the year to craft a product we are proud to put our names on. I couldn't have done it without you guys! Shannon and Hannah, I wish you the best of luck running the show next year. Most importantly, a huge thank you to Mrs. Wolf and Mrs. Lariviere - without their guidance this would have been a more than impossible task. Mrs. Wolf and I became especially close. Thank you for everything you have taught me, for always being there, for putting so much trust in me, and for making me rise to the challenge. You dealt with my antics as I came into your room multiple times a day and you were always there to laugh with me. I am honored to have your respect and friendship.

The members of the Class of 2015 are now destined to go our separate ways post high school. We have made lifelong bonds and endured experiences that will impact us for our lifetimes. We simply hope that this book will give you the opportunity to reconnect, remember old friends and memories, and reflect on how the years at North Andover High shaped your lives. I am delighted to be liberated from the job as Editor-in-Chief but will never forget the pride of creating such a beautiful keepsake. It is a representation of the experience we should all cherish - being a proud Scarlet Knight.

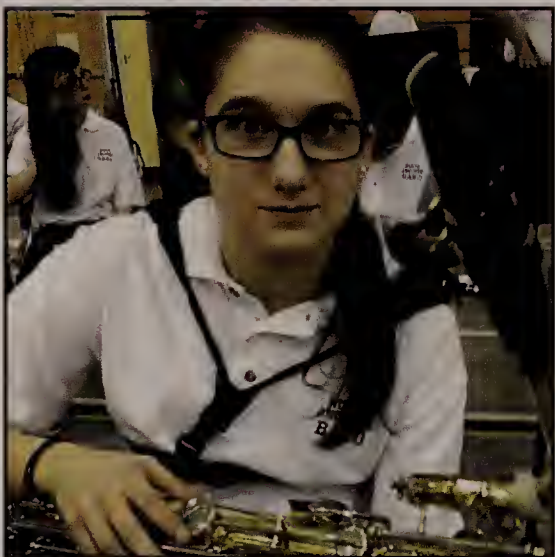

Congratulations to the Class of 2015! The entire yearbook team wishes you good luck in the future!

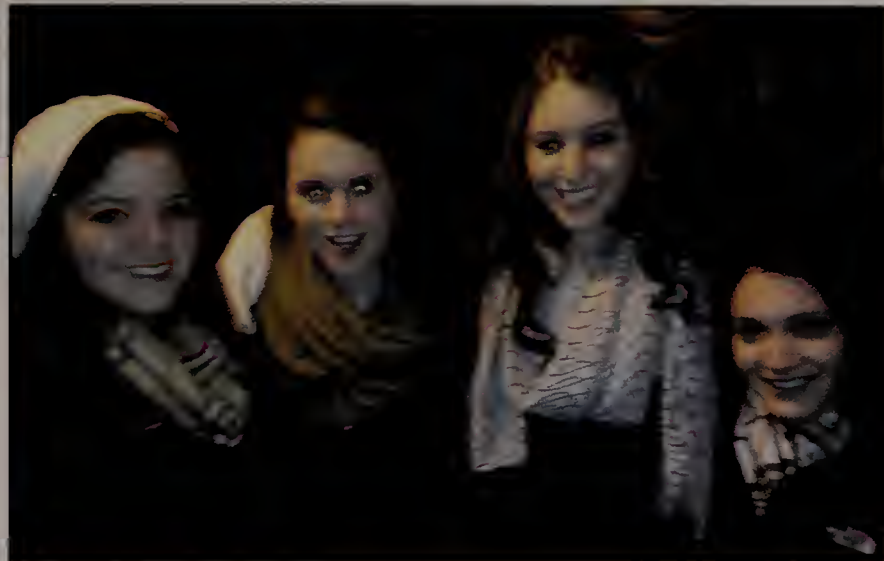

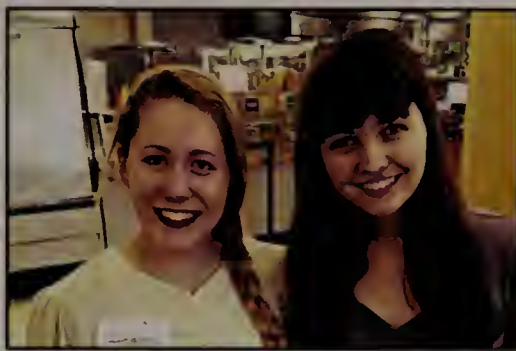

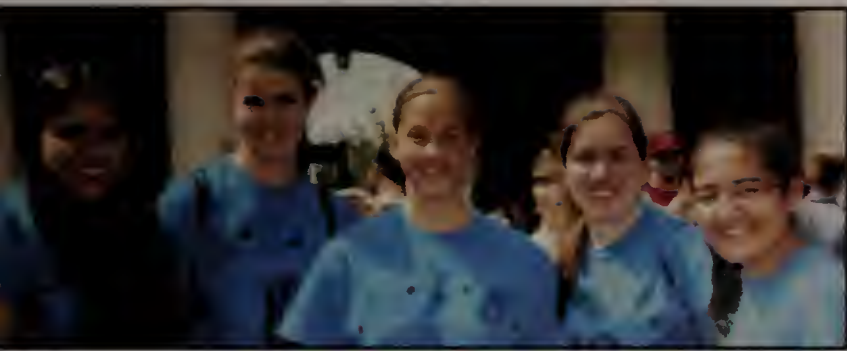

Sincerely,
Celia DiSalvo

Remember When...

*The gym flooded
freshmen year.*

*Fire alarm went off
during finals.*

They played "Bird is the Word" everyday.

*We would clap after anyone would say
something at an assembly.*

You know your from NAHS when....

You don't know what day it is.

Senior privileges taken away.

You leave advisory to go to another advisory.

You ask what lunch do you have every 20 minutes.

Show up every morning with perfectos.

Most Important NAHS Lesson...

Don't park without a parking pass.

Mrs. Mary Julie Gregoire

Dear Mom,
 Congratulations on your retirement. I am happy for you because you don't have to wake up early in the morning anymore. I hope you enjoy the beach and the sun. You have always been so good to your students, now it is time for you to be good to yourself. Enjoy retirement, and I love you very much.
 Love Aimee

"Your mom is so nice!" I'm 30 and still hear that whenever I see people who know her. Mary Gregoire is nice. She is one of those rare people in this world that one can never find a bad thing to say about her. Many of us see our parents in the role of authority figure and do not get to see them as friends until adulthood where we have grown up and they make more sense. My mom was not one of those people. I was lucky enough to see her every day at work for four years. I even had her for one of the four at NAHS. She has always been a friend and everyone got that feeling sitting in her class. She never looked down on a student nor did she ever put anyone down. She built confidences and inspired many in her years at NAHS. Saying she is nice is a gross understatement, but I always agree with whoever tells me.

Jonathan Gregoire
 Class of 2004

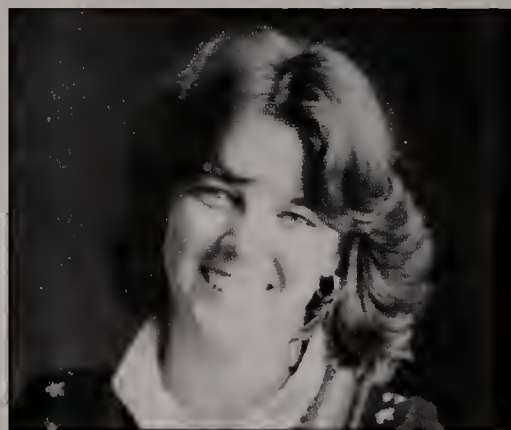

Mom,
 While you might be "retiring" on paper, we all know that it won't be your last time in a classroom. You have always been drawn to teaching, and you have a natural gift of bringing learning alive. I am one of the many lucky ones who got to experience your teaching firsthand. You read to us a chapter from Tuesdays with Morrie every Tuesday, and I know that many high schoolers, myself included, would never care to admit that they loved being read aloud to at the age of sixteen, but we would all remember that it was Tuesday right before we walked into your classroom and secretly be excited to have an adult read aloud to us--truly a lost treasure once you have reached a certain age. I will never forget when you were packing up the waffle iron in your car one morning along with waffle mix and a big mixing bowl. I wasn't too surprised when you told me it was because you made a deal with your "rugrats" as you called them. If they turned in their assignments and did their work for the term, then they would all get homemade waffles. Sure enough, these students who otherwise never did any of their work did for homemade waffles from Mrs. Gregoire! And then, of course, there were your stories about us as a family. I used to be mortified knowing that half of the North Andover High School knew about my terrible-twos, but as I sat in your classroom listening to some of your stories, I quickly realized that it was your way of connecting with your students. You used your own life experiences to connect to themes or from stories that would otherwise be too abstract for some students to understand.

While I know that you will no longer be working the typical school calendar year, You should know that my classroom door is always open to you. I think it is safe to say that I won't be the only classroom teacher who will leave my classroom door open for you. You are an exceptional teacher who is passionate about teaching students to love learning. I am not going to say good luck to you in retirement, but rather see you soon!

Love, Kate

Mrs. Mary Gregoire has been an amazing support since my first day at North Andover High School. We had many opportunities to work together during our time at NAHS including in the development of the Advisory program. Through this work I witnessed first hand how caring she was, making sure every decision was in the best interest of NAHS students and giving them opportunities to grow. This year we were partners in crime as we navigated the new roles of K-12 Curriculum Coordinator and she has continued to demonstrate an unwavering commitment to students. In addition, she cultivates relationships with all members of NAPS to make improvements throughout the district. Without Mary by my side I'm not sure I would have had the strength to persevere when the job got stressful. She was always there with smiles, kind words and some really great laughs. Her love of learning shines through in everything she does. I couldn't have asked for a better person to support me on this journey! Although I will miss her greatly, she is most deserving of a happy retirement.

- Mrs. Kara Larcome

Mrs. Gregoire not only was an incredible English teacher, but an amazing mentor and friend. Her cordial heart never failed to make me smile, and she created endless friendships in our classroom. Her impact on me, in school as well as in the real world, is something that I will forever be grateful for.

-Cathy Zhang '15

Mrs. Elizabeth Lariviere (L²)

As an underclassman who had heard the horror stories of Mrs. L, I wasn't sure what to expect other than massive amounts of homework as I walk in for my first day of Algebra 2. But I was in for far more than that. To put it lightly, that year of algebra played a greater role in maturing me into a man than anything else did. Mrs. L worked our fingers to the bone and gave us a taste of what real hard work was like. But boy did I know my algebra after that class. Having survived Algebra 2 and 3 and making my way to Mrs. L's AP Calculus class, I can say I am a better person because of her. Through dodging the Domain Dragon, labeling my x and y axis's, always remembering "+ C" and NEVER falling behind on homework, I've gained knowledge, not only about math, but about how to be a better student and a better person. With every story about her grandchildren, her husband, and her wild days at WPI comes a life lesson. She's the one person who will have you crying at home because you failed a test and are drowning in homework, but will have you laughing and singing calculus songs in class... all in one day! Mrs. L is truly one of a kind, and will be missed dearly by all her students, especially Jofis.

- Joe Staudt '15

Our mother has always been there for her family. She didn't start her teaching career until all her children were in school full time and even then she was always there for us after school. We are so proud of everything she has accomplished in her teaching career, from the the incredible results of AP tests to all the good friends she's made. God Bless her and may her retirement be happy and long. We all love you Mom! -Love your Family

We would like to thank Mrs. Lariviere for all the hard work, dedication, and guidance she has brought to the Math department for over a decade. The time that she has spent working with students, not only during the school day, but also before and after the bell, truly shows her passion about the subject of Mathematics (and Science) and that she deeply cares about the success of her students.

Mrs. Lariviere has taught many levels and topics in Mathematics, but a true testament to her craft is how well her Advance Placement Calculus students do on their Exam in May. This success is not due to how much homework she gave or the amount of tests the students took, but instead it is her compelling method of teaching the topic and her excitement for math that keeps students invested. Whether it be singing songs to help remember derivatives, telling spooky stories about "domain monsters" and monkeys in the calculators, or just getting them up out of their seats for a little Math-ercise, Mrs. L's unique way of keeping students interested and intrigued is the reason why her students excel when they leave North Andover High School.

Not only did Mrs. L teach Advanced Placement Calculus, but she has essentially taught every branch of mathematics offered at NAHS, both honors and college prep level. What gives Mrs. L such an amazing perspective is her real life experience in the engineering field. Every day, we as math teachers get the question, "Where will we ever use this?" Without a doubt, Mrs. L comes up with a suitable answer, but also why it is important to our lives on a daily basis. It is this unique connection of mathematics and physics to everyday realities that motivates her students.

It is difficult to think of a school year without Mrs. Lariviere in the high school, but we know that she will enjoy retirement and spend quality time with her family, friends - and the golf course. We wish Mrs. L nothing but the absolute best of luck in the future!

Sincerely,
The Math Department

North Andover High School and the yearbook will certainly not be the same without you. You truly are one of my best friends and I will miss seeing you everyday. I wish you a long, happy, and healthy retirement.

Love, Amy

Mrs. L was key to creating this and past yearbooks. She made every meeting productive and far from boring. She always included her comical yet inspiring stories. We owe a lot to Mrs. L for her great advice and warm support. Thank you for all you have done for NAHS. You made our experience truly memorable. You will be greatly missed. We hope you enjoy a wonderful retirement.

Sincerely,
Celia, Emily, Ngoc, Cathy, Shannon and Hannah

Mrs. Barbara Jensen

Dear Barbara,

All of our parents warned us at one time or another about a time that we wouldn't know the value of something until it was gone. In truth, we all know how incredibly important and valuable you are, which is why we are going to miss you so much. You have been the face of the North Andover High School Guidance Department for many years, greeting each visitor with the same warm smile and kind welcome. We have all learned so much from you and the standard you set for compassion toward others. It is our mission to carry on that legacy in the work that we do each day.

We know that this is a good thing for you and Bill, however it's still hard not to feel sad when we think about the guidance department without you. Words cannot express how grateful we are for your years of service and devotion to the students, faculty and staff at North Andover High School. We will miss your generous spirit, invaluable wisdom, and the friendship you have given us. The Guidance Department will not be the same without you. We wish you and Bill many years of happiness, travel and adventure, as you embark on this next sweet milestone life.

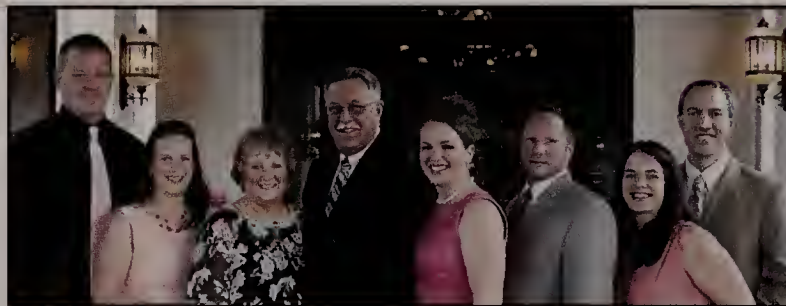

Congratulations, best wishes and much love,

Dana Burbank, Sara Coles, Debbie Conti, Meg Francis, Katie Hebert, Steve Nugent and Meg Ryan

Barbara has been influential at NAHS for the past 12 years, working as the Administrative Assistant of the Guidance Office. She is always willing to go above and beyond for both her colleagues and students, whether it is during school hours or afterwards. You will always see Barbara greeting people with a friendly hello and helping students prepare for life after NAHS, which has been praised by Seniors for more than a decade. Furthermore, she has been an outstanding supporter and contributor for our athletic department and can always be seen helping out with admissions or being heard cheering our teams on. Thank you Barbara for your hard work and dedication the last 12 years. You will be greatly missed in our halls but never forgotten by all of the lives you've touched.

- NAHS Faculty and Staff

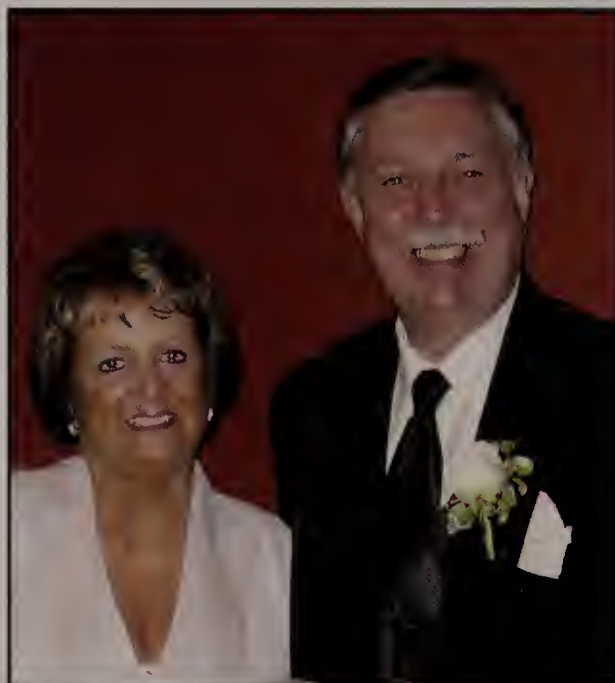

Foley, Barbara

Barbara is a loving wife to Bill (married for 42 years) and proud mother of 3 daughters (Katie, Lisa and Meghan), all of whom attended NAHS. Barbara enjoys and spends as much free time as she can with her 6 adoring grandchildren; Trevor, Emma, Jacob, Ashley, Declan and Maeve.

Barbara, Mom, Nana; you are truly the best! Our family is so blessed to have you as an example to live by. You are an amazing woman and you have taught us so much about life. We are so excited for you and dad to start the next chapter of your lives. We can't wait to join you in your upcoming adventures. We wish you a happy and healthy retirement!

Love, Your Family

Mr. Erik Zander

Lieber Erik! Was machen wir ohne Dich!! As your students love to say....Du bist am Besten!! Life in the Foreign Language Department will never be the same without you and your calm presence. We will especially miss you around the lunch table. You are a dedicated, kind, and patient teacher to all of your students. You have truly made them feel safe and welcome in your classroom. The kids who take Deutsch, love Deutsch because of your low-key style and gentle manner with them. Your wry sense of humor has something to do with it too! How many jokes have been shared along the way to make German a lasting pursuit for so many of your students? Please don't ever change your sense of humor! You have broadened the horizons of so many young Americans by accompanying them on the exchanges to Germany through the years. We know that you will enjoy your well-deserved retirement with Heidi!

Karen Ruecker with the Foreign Language Department

"Herr Zander was the one that got me to take German. I remember my sister coming home from school and telling me all these stories about him and how I had to have him. I am so happy that I listened to her and took German because Herr Zander is one of my all time favorite teachers. I think it's safe to say that we will all miss him."- Jess Mermelstein

"Herr Zander was my first high school German teacher. He really helped me to grow my love for German and I'm so sad that he's leaving NAHS. He was one of my favorite teachers of all four years of high school and I'm going to miss him so much. He's not only a teacher to me. He's a friend and someone I can talk to no matter what." Megan Munroe

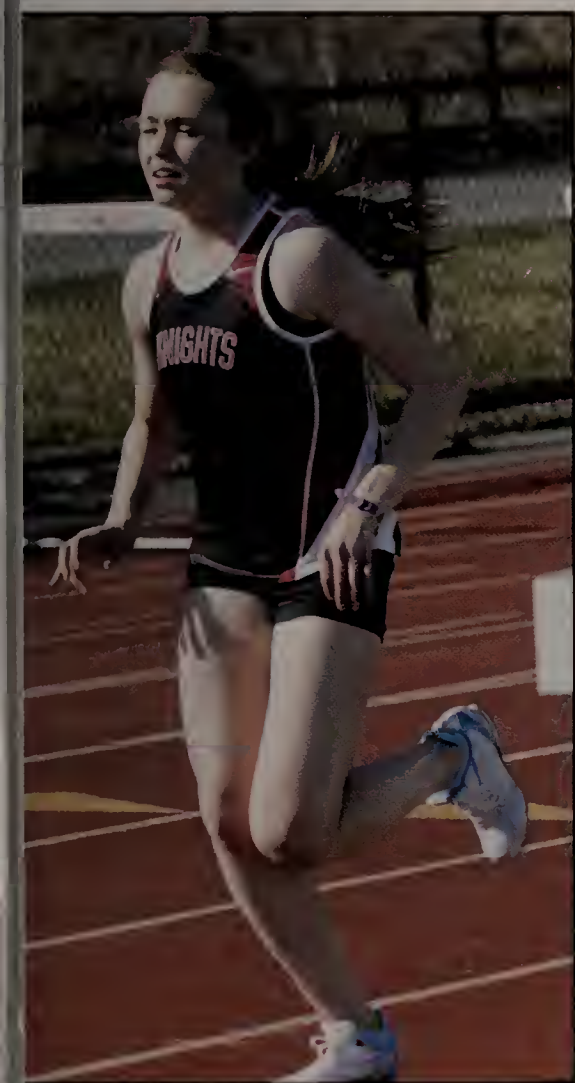

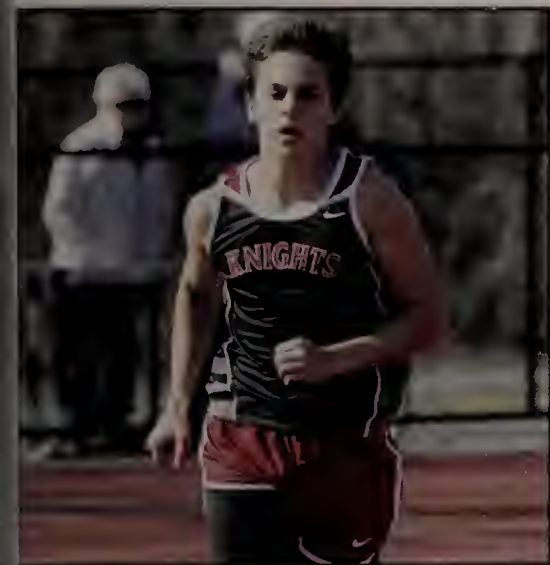

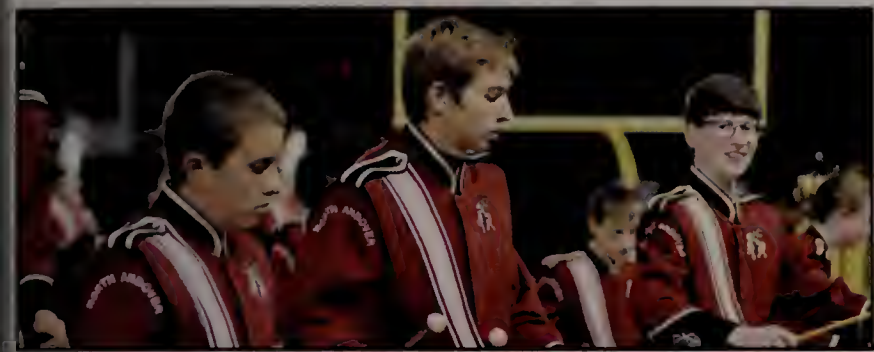

"He made learning German really enjoyable and fun and it was his classes freshman year that made me want to continue on to German 3, 4, and AP."- Taylor Leitch

"Herr Zander was one of the first teachers I ever had in high school and the first one to make learning German fun. He's the kind of teacher you never want to dissappoint and always has the right thing to say. He has a great sense of humor too."- Syed Shahzad

In Loving Memory of
Cassandra Ann Dupont

December 15, 1995 - October 13, 2012

Cassie's energy was contagious. Her passion for life and drive to survive was an inspiration to the entire class of 2015. No matter who you were, Cassie made you feel like you were her best friend. Her personality was like no other. She was able to find happiness in the smallest forms like her excitement anytime she saw a butterfly.

She loved spending time with all of her friends and was so grateful for the amazing support she received over these last years. Every year she looked forward to participating in the North Andover Olympics. She loved driving around the neighborhood on her four-wheeler. She was just genuinely happy with life.

Watching Cassie walk across the stage at our Eighth Grade Graduation was truly an honor. For most of us, this ceremonial event was more of a show to please our parents. For Cassie, it was so much more. She struggled day by day just to be able to breathe; trips in and out of the hospital were the norm. Yet despite these hardships, she happily did her homework and take home tests to be able to walk with us that day.

Many of us were lucky enough to attend Cassie's Sweet 16 "A Night of 1000 Stars." She looked like a princess in her white ball gown. We started the night off in a limo ride to the party. The smile on her face as we walked into a packed room made the night complete. We all danced the night away.

Her laugh was infectious and will forever be a memory in our hearts. It was an honor to be her friend.

-Devin Carvalho

"Cassandra: A vibrant life that was taken too soon, a beautiful smile that is missed by so many. Cassandra had a life full of joy and love, despite the physical burdens she had endured. Despite her daily hardship, she still laughed, loved and challenged herself. In turn, she challenged others to fight, to hope and to find happiness in life no matter how dark the clouds were overhead. She inspired countless people while she was here, defying the odds everyday. She will continue to inspire us in spirit. We see you in every ray of sunshine through the darkest clouds. We see you on the wings of every butterfly and the bright blue streak in every rainbow. She loved so many and is loved by more. Always in our hearts, our Cassandra Ann."

-Auntie Jamie

"Cassie was a brave, harmless person. She had a heart like nobody else. She knew how to put a smile on everyone's face. She would be willing to give a helping hand. It is so upsetting not to see her graduate, but I know she is always here with me. Cassie was a fighter, she never gave up. I love and miss her so much. The mark she left on my heart will forever be on my soul."

-Jayleane Hearn

"Cassie's contagious laugh and awesome personality impacted many lives. Her strength and courage will always be remembered. Love you Cass"

-Michaela Callahan

"Cassie has inspired us all. Her perseverance through every obstacle and her determination to keep fighting is what gives me the motivation to never give up on anything. God broke our hearts to prove to us he only takes the best, but now, heaven has such a beautiful angel."

-Ngoc Tran

Alexa L***e,

This has been your incredible ride and what a ride you have created! From “Where are my lockers?” and your magic shows where things “just appeared” to these unbelievable high school years, hold on tight as you add more power and boost to your ride. The sky will never be the limit for you. Do not forget those who have been on your incredible ride and be prepared to share it with even more amazing and sometimes crazy characters. As always, keep your ride safe with the right amount of humbleness and sensibility and remember “You are a child of the universe, no less than the trees and the stars....”

We have our seatbelts on extra tight!

Love always,

Ashley, Mom, and Dad

To the NAHS class of 2015!

We share with you a simple poem by Max Ehrmann about “things to be desired” in life as a guide for you all as you continue on your journeys.

The Layne parents

Desiderata

Go placidly amid the noise and the haste, and remember what peace there may be in silence. As far as possible, without surrender, be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even to the dull and the ignorant; they too have their story. Avoid loud and aggressive persons; they are vexations to the spirit. If you compare yourself with others, you may become vain or bitter, for always there will be greater and lesser persons than yourself. Enjoy your achievements as well as your plans. Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs, for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals, and everywhere life is full of heroism. Be yourself. Especially do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment, it is as perennial as the grass. Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with dark imaginings. Many fears are born of fatigue and loneliness. Beyond a wholesome discipline, be gentle with yourself. You are a child of the universe no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. Therefore be at peace with God, whatever you conceive Him to be. And whatever your labors and aspirations, in the noisy confusion of life, keep peace with your soul. With all its sham, drudgery and broken dreams, it is still a beautiful world. Be cheerful. Strive to be happy.

Max Ehrmann

Bobby,

What are you going to do when you grow up? Does it really matter? We know whatever you choose to do you will be successful.

You have been a terrific son, we are very proud of your accomplishments so far. Continue to work towards your goals. We know that you can achieve anything that you put your heart and mind into.

We really enjoyed the times we shared growing up with you. The past years have gone by very fast. You have done so much in the past 17 years, but there is so much out there waiting for you.

We love you and will always be there for you.
